

WEEKLY HERALD.

At the time of year when many arrive for Southern people to spend a few months in East Tennessee, we call their special attention to the Cleveland Hotels, and Cleveland as the most pleasant town in the State. They can get board in Cleveland at much cheaper rates than any town we know of. Mr. R. S. DeBush, on Saturday, the 26th, at Hamilton Institute, captured a young man, giving his name as Charley Smith, with eight of the books recently stolen from Old Glade Spring Church, in this county. He was stout, and professed to be a book agent from Knox county, Tenn. At the time of his capture he was carrying a violin, which he had doubtless stolen, as he could not play at all. In his pocket he had the stolen books, and proposed to sell them to Mr. DeBush, who at once recognized them. Afterwards, during the temporary absence of Mr. DeBush, he escaped.—Gainesville News.

A Real Remedy.

There are many so-called remedies in the market which are really not remedies at all, but serve only to cover up and ease pain for a time. Hart's Anti-tumour Discovery is a remedy, and roots out all the disease and puts the system in a condition to ward off new attacks. Persons subject to headache, constipation, biliousness, &c., should take a note of this.
